## 2010 IRRIGATION SCHEDULING CONTRACT

Field testing is performed on a weekly basis for 16 weeks, starting upon your instruction. Most reports are provided to farmers by Tuesday afternoon each week. These reports require your input in order to be complete: please call our office on Monday or no later than Tuesday morning each week with irrigation and rainfall amounts. Your reports will be delayed without your input.

A 25% down payment is required with this signed contract and in order for the St. Joe County Conservation District to commence service. Full payment is due within 30 days: a 2% per month finance charge is added to all accounts past due.
